

## Evening Buffet

We pride ourselves in being the first Indian Restaurant to start Buffet Nights, a feature which has now become one of the most popular aspects of dining out.

The decision to launch buffets was part of the attention to detail that the Koh I Noor has always displayed. We realised that the Indian sub continent has a unique culinary history involving many territories and people from the Punjab to Goa and the South.

With such amazing variety of foods, we realised that buffets were the way to allow our customers to explore these wonders for themselves. Now having over 43 years experience we bring you what we confidently assert is the largest and most stylish buffets in Glasgow. Seating up to 200 people with ease and serving you the most sought after Indian cuisine in Scotland, we accompany all this by exemplary service and courtesy.
